1-1.ABOUT US

**Guangzhou
Welink Technology
Co., Ltd.**

Guangzhou Welink Technology Co., Ltd. was founded in **2015** in Guangzhou, China. We focus on portable, smart mini shop solutions that are fast to deploy, cost-efficient, and adaptable across different industries and environments.

We have proudly served **MTN** related advertising materials 10 + years. Including outdoor point of sales metal & fiberglass kiosk, trolleys, pop up kits table & umbrellas, promotion gifts, lighted signage etc.

Experience about MTN : Congo Brazzaville, Namibia, South Sudan etc.

1-2 Global Partners

We have proudly served numerous renowned global brands including: **MTN, Airtel, Orange, Moov Africa, Africell, Camel, Black Devil, Viking, Davidoff, Imperial Brands, VDP, Premier Bet, Gal Sports, Grand Dragon, Easy Bet, Supa Ellaz.**

Expert in R&D and production, with proven execution in emerging markets, especially Africa.

1-3. Innovation

At Flowvisual, we believe great design is not just about looks—it's about performance, adaptability, and long-term value. From African deserts to European city squares, our kiosks stand out through 4 essential strengths:

Longlife

Outdoor durability tested and proven

- No fading after 3 years outdoor use in Africa
- Corrosion & UV Tested (ASTM / ISO)
- Powder-Coated Steel Structure

Branded

Customized looks to match your Brand

- Free 3D Branding Visualization
- Custom Signage & Printing
- Pantone Color Matching

Collapsible

Quick to Transport, Assemble, and Scale

- Flexible Layouts from 2 to 10 Units
- 2-Person Assembly in 4 Hours
- Foldable Flat-Pack Design

Solar

Clean energy for off-grid performance

- Solar Kits for Phones, Fans & Lighting
- Smart Charging Cabinet
- Portable Solar Cart

Longlife Durability

Sheet metal coating tested to ASTM standards and verified by 3 years of field use in Africa — No Color Fading.

As Manufactured

VS

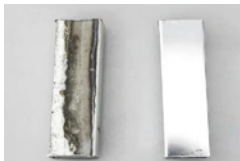

After 3 years in Africa

Durability Process

- ✓ UV Flat Printing
- ✓ Digital Printing Sticker
- ✓ Transfer Printing

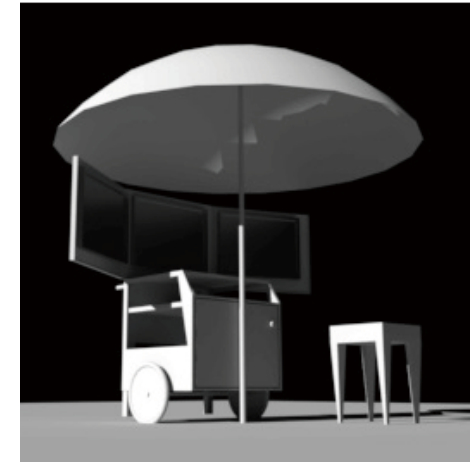

3. 3D Signs & Lightboxes

- ✓ Channel letter
- ✓ Light box
- ✓ Acrylic letters
- ✓ Neon sign
- ✓ Poster frame

Unique Appearance

Collapsible-Modular Structure

Fast to ship. Easy to build. Fully customizable. Assembled by 2 people in 4 hours with simple tools.

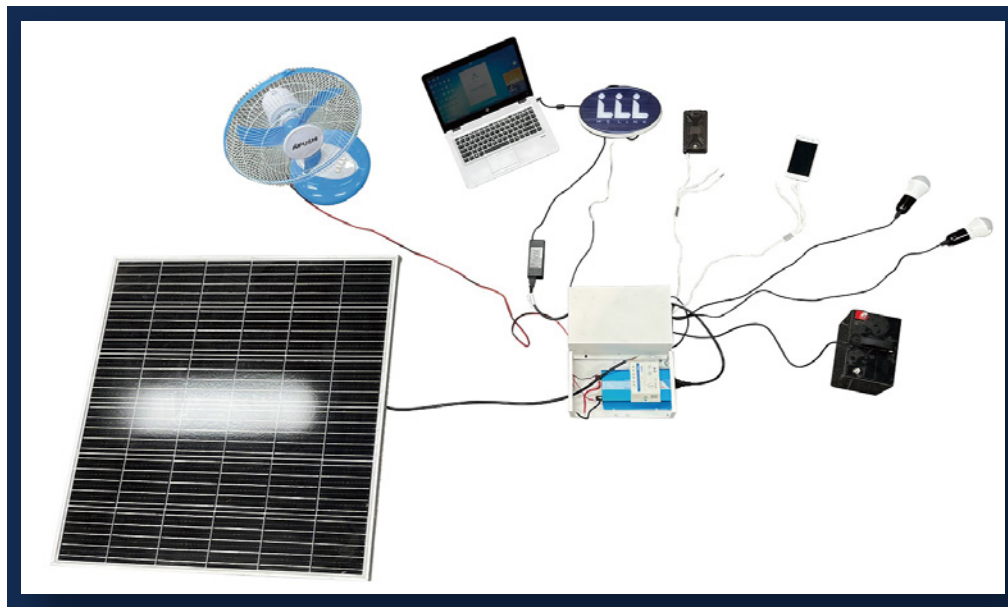

Modular by Design

- Collapsible & Folding & Assembly Structure
- FRP hand lay-up Mold & Plastic Vaccum Forming
- Metal Sheet and Tube Bending Mold
- Custom Styling & Personalized Design & Tailored Shape

2-1.Solar-Powered Solutions

Clean energy. Anywhere, anytime. Designed for off-grid performance and smart branding.

Solar Kits for Lights & Phones

100% Off-Grid Power

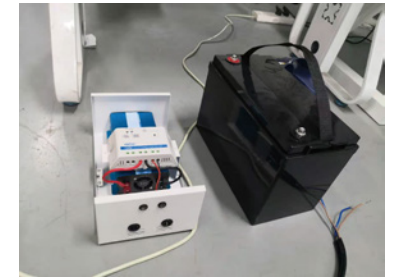

LiFePO4 Battery System

Ideal for Africa, Southeast Asia & Remote Markets

Kiosk Integrated Power System

2-2.Solar charging: PT22C

Portable Solar Phone Charging Cart - Make money from sunshine! Provide mobile charging service anywhere.

Why Choose PT22C?

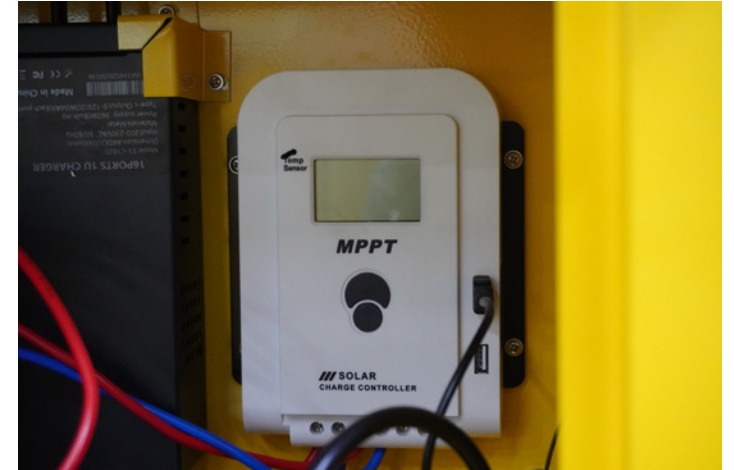

- 👍 Solar Powered & Foldable Panels
- 👍 60Ah LiFePO4 Battery
- 👍 Durable 0.8mm Sheet Metal
- 👍 Charge 5 Phones Simultaneously
- 👍 20pcs fast charging USB outlets

Technical Specifications

Item	PT22C Solar Phone Charging Cart
Solar Panel	75W × 2pcs Flexible
Application	Outdoor chargeable phone recharging service
Battery	12V 60Ah LiFePO4
Capacity	Charge 5 Phones at Once
USB Ports	20 fast charge outputs
Size (Open)	175×65×160cm
Size (Folded)	66×66.5×160cm
Wheel	Dia 12inch
Gross Weight	40kg
Packing	1pc/ctn 160×41×60cm
Loading	70pcs / 20ft 170pcs / 40ft
Remark	Long life span solar power system

Detailed Product Showcase

Get a closer look at the real product. From high-efficiency solar panels to solid wheel structure, every detail is designed for durability, portability, and reliable outdoor phone charging.

3-1.Telecom: SK08A

Curve-Shape Collapsible Fiberglass Kiosk Smart - Portable. Eye-catching

Key Specifications

- **Material:** 4mm Fiberglass, fade-resistant
- **Finish:** Original liquid coating + 3-side digital printed stickers
- **Open Size:** 140 × 140 × 260 cm
- **Load Capacity:** 48 units / 40ft HQ container

Why SK08A?

1. Brand Visibility

3-side sticker graphics with brand VI color for high-impact marketing.

2. Weatherproof & Durable

Anti-rust, heat-resistant, corrosion-proof — built for outdoor use.

3. Portable & Collapsible

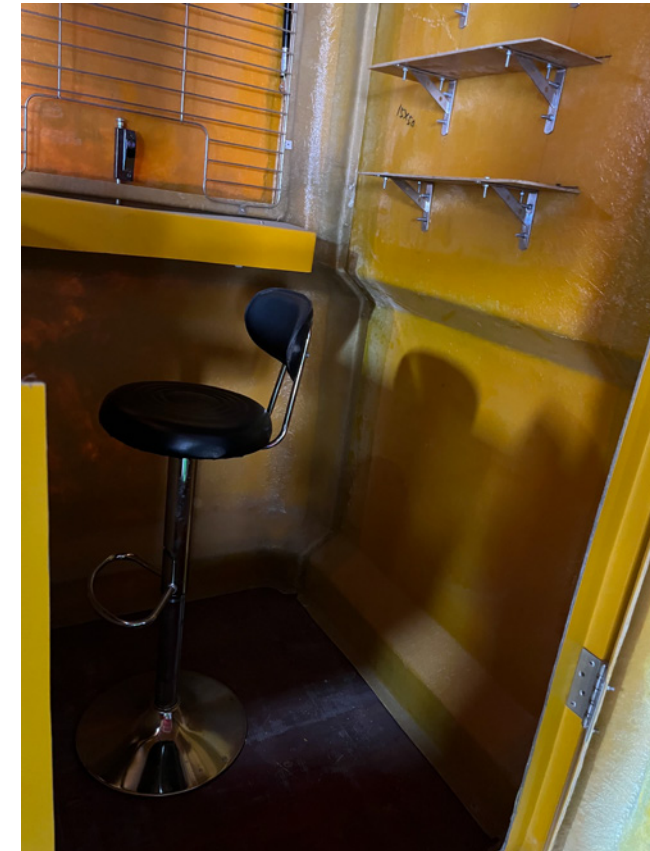

3-side sticker graphics with brand VI color for high-impact marketing.

4. Compact But Functional

Enough space for one staff inside with device + small storage.

Ideal Applications

- City & town lottery sales points
- Temporary info stations for telco services
- Pop-up booths at events, markets, or public venues

Mass Production Site

3-2.Telecom: SK08B

Curve-Shape Fiberglass Collapsible Kiosk- A collapsible fiberglass kiosk for telecom and lottery use, with fast setup, solar power, and custom branding.

Key Specifications

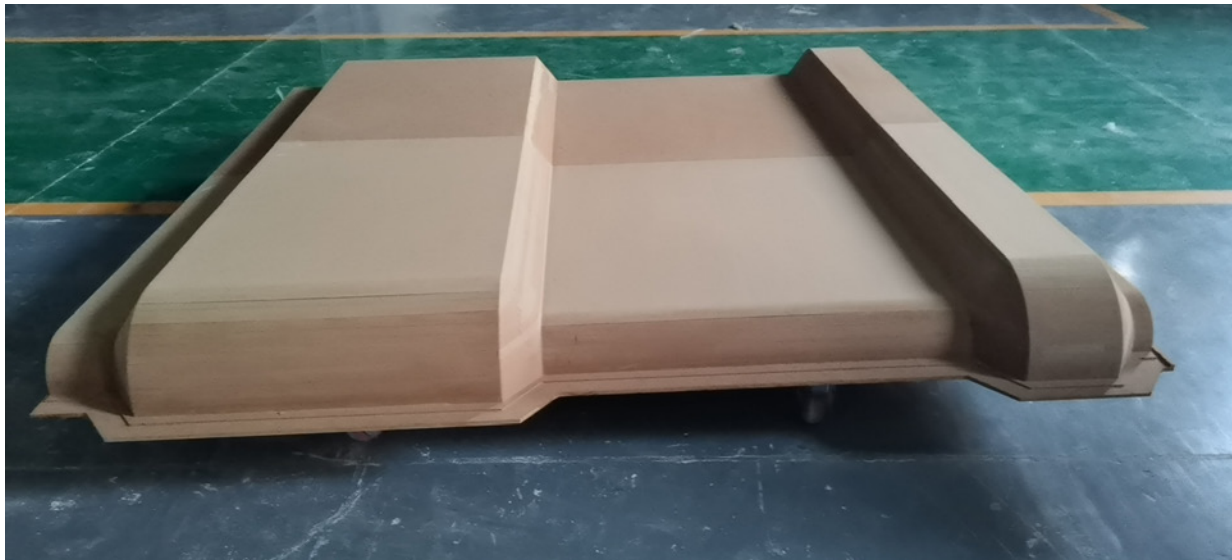

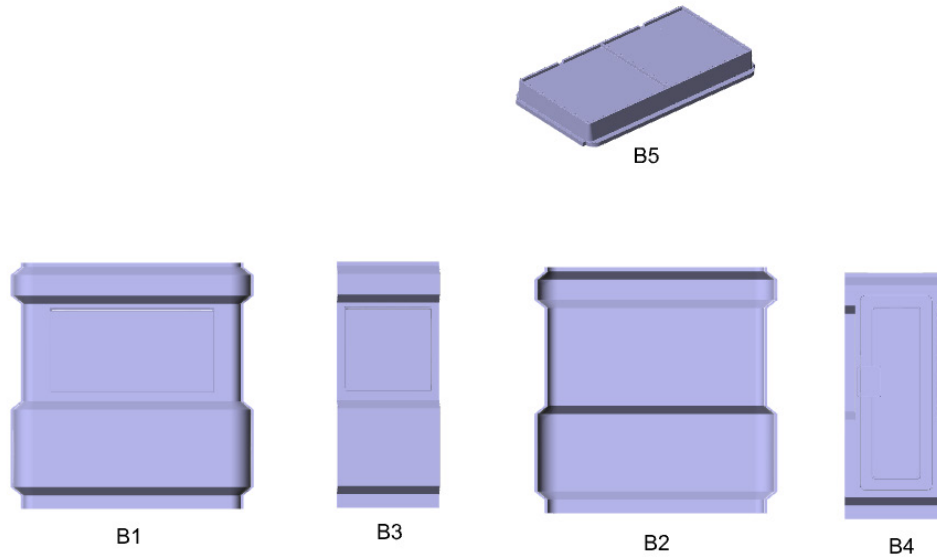

- **Collapsible & Portable** – Ready to use anywhere in minutes
- **Durable Fiberglass Shell** – 4mm thick, weather-resistant
- **Hand-Painted Design** – Supports cultural customization
- **Optional Solar Power System** – 120W panel + lithium battery
- **Efficient Shipping** – Up to 35 units per 40HQ container

Technical Specifications

Item	Description
Model No.	SK08B
Product Name	Curve Shape Fiberglass Collapsible Kiosk
Application	Telecom service booth, Lottery ticket kiosk
Material	Fiberglass, 4mm thick
Finish	Original color with hand-painted logo
Open Size	140 x 240 x 260 cm
Solar System (optional)	120W panel + 12V 60AH Li-iron battery
Loading Capacity	40 units / 40ft HQ
Customization	Color & design available upon request

Moulding and Flat Packing Drawing

Telecom: SK02

Foldable Metal Kiosk for Telecom POS - A collapsible, powder-coated metal kiosk designed for telecom and lottery services. Easy to assemble, durable in design, and efficient for mobile brand presence.

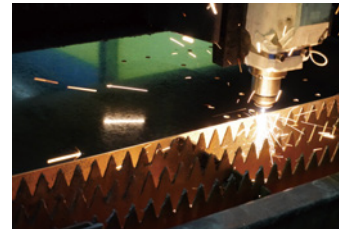

Key Specifications

- **High Visibility** – Brand VI color with silk screen printing on 3 sides
- **Durability** – Strong Sheet Metal Structure (1mm thickness)
- **Collapsible** – Full open/close in 2 hours
- **Spacious** – Seats 2 staff with storage space inside
- **Solar-Ready**– Panel installation available on top cover
